

## CLINICAL SKIN MICRO-NEEDLING

The Dermapen™ is a revolutionary device that gently punctures the skin with tiny medical grade needles that are operated via a motorised head. This micro damage induces the collagen production and delivers impressive results in treating scarring from acne or surgery, reducing pore size and giving a rejuvenated and younger skin look. The treatment finishes with applying a nourishing, calming mask for intense hydration.

Usually we recommend 4-6 treatments, 4-6 weeks apart.

	SINGLE TREATMENT	4 TREATMENTS SAVE 20%	6 TREATMENTS SAVE 25%
Face	260	208	195
Face & neck	300	240	225
Face, neck & décolletage	350	280	263
	EXPRESS 30 MINS	DELUXE 60 MINS	MICROLIGHT* 80 MINS
	65	105	155

Removes a superficial dead skin layer and helps with dull, dry and damaged skin, improving all over skin texture and rejuvenation.

## FACIALS

Facials are beneficial for all skin types. Ideally the treatments should be performed once a month or, at least seasonally. We offer the Synergie Practitioner Range of facial treatments and stock a wide range of Synergie Skin products.

	SINGLE TREATMENT	3 TREATMENTS SAVE 20%
<b>DEEP POWER CLEANSE (45 MINS)</b>	90	72
Cleansing and exfoliating, with a purifying mineral mask (a pore refining and clarifying antioxidant mask). After the skin has been detoxified, the facial is finished with eye serum and moisturiser.		
<b>SKIN RESCUE MEDI-FACIAL (60 MINS)</b>	105	84
Cleansing and exfoliating followed by steam (to enhance absorption of active ingredients). Whilst the steam is in use, experience the true health benefits of this facial and lower stress levels whilst enjoying a relaxing scalp massage, followed by mask application (depending on your skin type).		
<b>NEW LEAF SIGNATURE FACIAL (75 MINS)</b>	140	112
Cleansing and exfoliating followed by a superb resurfacing Enzyme Peel. Build the barrier and boost skin immunity with a Repair and Restore mask. Reduce stress levels whilst enjoying a relaxing arm massage and enjoy the benefits of the firming, brightening and hydrating bio-alginate mask. Finish with serums, eye cream and moisturiser.		
<b>DERMAPLANING (60 MINS)</b>	145	116

Dermaplaning treatment is great for restoring a youthful glow, as the dead skin cells that sit in the hair on our face can give us a dull, lacklustre complexion. Removing this hair 'peach fuzz', along with the dead skin, will leave you with a healthy glowing complexion. It is performed using a sterile scalpel blade that gently glides over the skin and gives full-face exfoliation.

## PEELS

Skin Peels are designed to remove the outermost surface of the skin. This cell layer is actually dead and accumulates on your skin, causing it to appear dull, dry and rough. This build up of dead skin can also result in clogged pores and unsightly blemishes. By removing the layer of dead skin, the products applied to the healthy skin are better able to absorb. Chemical peels will stimulate new epidermal growth & collagen production.

We do recommend a course of at least 3 treatments, 2-4 weeks apart for optimal results

	SINGLE TREATMENT	3 TREATMENTS <b>SAVE 20%</b>
<b>PAPAYA HYDRATION PEEL (ALLOW 30 MINS)</b>	90	72
Ideal introduction to peel treatments or for those with sensitive skin that require a gentle touch. Used to treat: Dry, sensitive, sun damaged or hyper-pigmented skin. Active ingredients: lactic acid (15%) + papaya enzyme.		
<b>SALICYLIC PURIFYING PEEL (ALLOW 30 MINS)</b>	90	72
Ideal for acneic skin, the salicylic peel provides a deep, thorough cleansing of congested pores. With powerful anti-inflammatory properties, salicylic acid effectively calms a sore red skin and helps manage any further flare ups. Used to treat: Acne prone skin, enlarged pores and blackheads. Active ingredients: salicylic acid (from 5%).		
<b>LACTIC BRIGHTENING PEEL (ALLOW 30 MINS)</b>	90	72
Gentle exfoliating treatment that aids dehydrated, sun damaged or pigmented skin Used to treat: Dry and lifeless skin, sun damage, hyper-pigmented skin, aging. Active ingredients: lactic acid (from 20%)		
<b>SALICYLIC &amp; LACTIC LAYERED PEEL (ALLOW 45 MINS)</b>	120	96
Used to treat: Acne prone skin, enlarged pores, blackheads, sun damage, ageing, can also help treat pigmentation. Active ingredients: salicylic acid (from 5%) + lactic acid (from 20%).		
<b>TETRA ACID PEEL (ALLOW 45 MINS)</b>	130	104
A powerful resurfacing treatment positioned as a step down only from our most potent peel option - The Jessner Peel. Used to treat: hyper-pigmentation, acne, sun damage and fine lines. Active ingredients: A potent combination of Mandelic, Lactic, Kojic and Malic acid.		
<b>JESSNER POWER PEEL (ALLOW 45 MINS)</b>	150	120
Advanced clinical treatment that addresses progressed stages of cystic acne, sun damage, pigmentation and aged skin. Assisting with skin texture, discolouration, hydration and congestion, this peel is highly active and is ideally performed as a course to achieve best results. Active ingredients: salicylic acid, lactic acid, resorcinol and kojic acid.		
<b>OTHER AREAS</b>	25	20
Additional areas for peel treatments include the Neck and Décolletage, which can be used as an 'Add on' to any other peel for a nominal charge.
